Do    Sol    Re

      Do             Sol
I was bored out my mind
        Re
Lost my whole appetite
       Do             Sol             Re
When I could come to life, I didn't
         Do             Sol
You were there all the time
           Re
You're the worst of my crimes
         Do                Sol             Re
You fell hard, I thought "good riddance"

Sol               Re          Do
I never was the best to you

I never was the best to you
Sol            Re            Do
 I never was, I never was

        Do           Sol
Used to lie to your face
       Re
Twenty times in a day
       Do         Sol                 Re
It was my little strange addiction
        Do              Sol
But you still tried to stay
          Re
While I'd self-isolate
      Do           Sol            Re
And I knew, but I stayed hidden

Sol                Re          Do
 I never was the best to you

I never was the best to you
Sol            Re            Do
 I never was, I never was
Sol                Re          Do
 I never was the best to you
               Re           Sol
I never was the best to you
            Re            Do
I never was, I never was

    Mim                Sol                       Re
And I destroyed every silver linin' you had in your head
            Do
All of your feelings, I played with them
Mim                   Sol                    Re
Go ahead, we can just call it conditionin'
Mim                     Sol
 We were too different, you were so sensitive
Re                        Do
Gave me the best of that, I was so negligent
Mim                   Sol                  Re
Now, I feel terrible 'bout how I handled it
            Mim
And now, I, now I bet you resent
Sol                     Re                   Do
All of me, all of it, angry, blocking me over the internet

Mim                     Sol                   Re
Promise I don't forget all of my fault in this
       Mim                      Sol
'Cause look at me, I'm alone, sitting here, stayin' home
Re                      Do
All of my self control kinda got difficult
Mim                       Sol                   Re
But I deserve it though, I deserve it though

         Do*            Sol*
You were there all the time
           Re*
You're the worst of my crimes
         Do*               Sol*            Re*
You fell hard, I thought "good riddance"

Mim               Sol           Re
 I never was the best to you
                Do          Mim
I never was the best to you
            Sol           Re
I never was, I never was
   Mim               Sol           Re
Oh, I never was the best to you
                Do           Mim
I never was the best to you
            Sol            Re
I never was, I never was
