Gracie Abrams - Here you come there you Go

```
Fa Lam Do Sol
Fa Lam Do Sol

Fa     Lam      Do   Sol
 Hell froze in my bedroom
Fa        Lam Do  Sol
A phenomenon I came to
Fa       Lam     Do        Sol     Fa        Lam
 Half-believing I never met you before
Do                Sol
That's when you decide you want more

Fa           Lam           Do
 Now you're wanting back in
            Sol        Fa
Your big dramatic feelings
      Lam        Do                    Sol
Funny how it happens when I'm good, when I'm so
Fa  Lam               Do            Sol         Fa
 Securely attached, I'm a double-knotted rope
  Lam                 Do               Sol
Undo me like magic, here you come, there you go

Fa Lam Do              Sol         N.C.
     Here you come, there you go

Fa    Lam              Do                    Sol
 Go, oh, you spit it out, say what you're after
Fa    Lam        Do             Sol
 Bulldozing my life until it shatters
Fa    Lam         Do             Sol
 Oh, so my well-being's not a factor
Fa  Lam   Do                Sol             Fa
 No, it never stopped me loving you before

           Lam           Do
Now you're wanting back in
            Sol        Fa
Your big dramatic feelings
      Lam        Do                    Sol
Funny how it happens when I'm good, when I'm so
Fa  Lam               Do            Sol         Fa
 Securely attached, I'm a double-knotted rope
  Lam                 Do               Sol
Undo me like magic, here you come, there you go

Fa              Lam
Here you come, there you go
Do            Sol
Call me your miracle
Fa             Lam
Kill it dead, make it grow
Do    Sol
 Ah, ah, oh
Fa              Lam
Here you come, right on cue
Do                  Sol
Break my heart and make it new
Fa             Lam
What the hell can I do?
Do    Sol
 Ah, ah, ah

Fa           Lam           Do
 Now you're wanting back in
