Love – Lana Del Rey

```
Sib Fa Solm Mib

Sib                          Fa
  Look at you kids with your vintage music
Solm                     Mib
  Comin' through satellites while cruisin'
Sib                                Fa
  You're part of the past, but now you're the future
Solm                      Mib
  Signals crossing can get confusing

Fa       Mib                             Dom
  It's enough just to make you feel crazy, crazy, crazy
  Mib  Fa            Mib                           Dom
  Sometimes, it's enough just to make you feel crazy

Sib                        Fa
  You get ready, you get all dressed up
Solm                     Mib
  To go nowhere in particular
Sib                     Fa
  Back to work or the coffee shop
Solm                       Mib
  Doesn't matter cause it's enough
        Sib           Fa Solm Mib
  To be young and in love
        Sib           Fa Solm Mib
  To be young and in love

Sib                             Fa
  Look at you kids, you know you're the coolest
Solm                             Mib
  The world is yours and you can't refuse it
Sib                          Fa
  Seen so much, you could get the blues
     Solm                          Mib
  But that don't mean that you should abuse it

Fa               Mib                            Dom
  Though it's enough just to make you go crazy, crazy, crazy
    Fa           Mib                             Dom
  I know, it's enough just to make you go crazy, crazy, crazy

Sib                          Fa
  You get ready, you get all dressed up
Solm                     Mib
  To go nowhere in particular
Sib                     Fa
  Back to work or the coffee shop
Solm                           Mib
  It don't matter because it's enough
        Sib           Fa Solm Mib
  To be young and in love
        Sib           Fa Solm Mib
  To be young and in love

Dom/Sol          Mib            Dom/Sol
Hmm (ah, ah), hmm (ah, ah), hmm
             Mib
Don't worry, baby

Dom/Sol          Mib            Dom/Sol
Hmm (ah, ah), hmm (ah, ah), hmm
             Mib
Don't worry, baby
