Bryan Adams - Please forgive me

```
La Mi  Fa#m  Mi  Re

    Mi                  La       La5  La
It still feels like our first night together
Mi                                Fa#m
Feels like the first kiss and it's getting better, baby
Mi          Re
No one can better this
La                  Mi            La
You're still holding on, you're still the one
                   Reb                    Fa#m
The first time our eyes met, same feeling I get
                       Reb               La
Only it feels much stronger, I wanna love you longer
                     Mi
You still turn the fire on

   La          Fa#m     La            Re
So if you're feeling lonely, don't
Mi                   La
You're the only one I ever want
       Fa#m    La      Re
I only wanna make it go
Mi                    Fa#m       Re
So if I love you a little more than I should...

        La        La5          La
Please forgive me, I know not what I do
              Fa#m
Please forgive me, I can't stop loving you
      Re        Re5           Re
Don't deny me this pain I'm going through
              La             La5     La
Please forgive me, if I need you like I do
             Mi
Please believe me, for what I say is true
Re         La            Mi

Feels like the first touch, we're still getting closer, baby
Mi          Re
Can't get close enough
La                  Mi             La
You're still holding on, you're still number one
 Reb                   Fa#m
I remember the smell of your skin, I remember everything
                       Reb
I remember all your moves, I remember you, yeah!
La                            Mi
I remember the nights, you know I still do
La             Fa#m     La            Re
So if you're feeling lonely, don't
Mi                   La
You're the only one I ever want
       Fa#m    La      Re
I only wanna make it go
Mi                          Fa#m       Re
So if I love you a little more than I should...
