Lukas Graham – Mama said

```
                        Mib    Sib
Mama said that it was okay
                        Rem7            Solm
Mama said that it was quite alright
                         Rem7          Solm
Our kinda people had a bed for the night
               Fa
and it was okay

                        Mib           Sib
Mama said that we were good kids
                           Rem7             Solm
and daddy told us never listen to the ones
                 Rem7                   Solm
pointing nasty fingers and making fun
                      Fa
'cause we were good kids

                         Solm
Remember asking both my mom and dad
       (Mib)           Sib
Why we never travel to exotic lands
                          Solm
We only ever really visit friends
           (Mib)           Sib
Nothing to tell when the summer ends

                      Solm
We never really went buying clothes
       (Mib)                                    Sib
'cause folks were passing on the stuff in plenty loads
                 Solm
New shoes once a year and then
       (Mib)           Sib
Out to play ball so we could ruin them

                             Mib    Sib
When mama said that it was okay
                        Rem7           Solm
Mama said that it was quite alright
                         Rem7             Solm
Our kinda people had a bed for the night
           Fa
and it was okay

                      Mib      Sib
Mama told us we were good kids
                          Rem7              Solm
and daddy told us never listen to the ones
               Rem7                    Solm
pointing nasty fingers and making fun
                        Fa
'cause we were good kids

                               Solm
Don't get me wrong, I didn't have it bad
             (Mib)           Sib
I got enough loving from my mom and dad
                               Solm
But I don't think they really understood
                    (Mib)               Sib
When I said that I wanted to deal in Hollywood

                          Solm
I told 'em I'd be singing on tv
```

By TestoeAccordi.it

```
             (Mib)            Sib
The other kids were callin' me a wannabe
                              Solm
The older kids they started bugging me
                      (Mib)              Sib
But now they're all standing right in front of me

                              Mib    Sib
When mama said that it was okay
                        Rem7           Solm
Mama said that it was quite alright
                         Rem7             Solm
Our kinda people had a bed for the night
           Fa
and it was okay

                       Mib      Sib
Mama told us we were good kids
                            Rem7               Solm
and daddy told us never listen to the ones
                Rem7                    Solm
pointing nasty fingers and making fun
                         Fa
'cause we were good kids

Solm           Do
I know which place im from
Mib        Sib
I know my home
Solm           Do
When Im in doubt and struggling
Mib       Sib
thats where I'll go

       Solm                Do
An old friend can give advice
          Mib                           Sib
when new friends only know the half story
                Solm                Do
That's why I always keep 'em tight
                     Mib
And while you're okay
             Re
I said I'm okay

(You know what my mama said? You know what she told me?)

                              Mib    Sib
When mama said that it was okay
                        Rem7           Solm
Mama said that it was quite alright
                         Rem7             Solm
Our kinda people had a bed for the night
           Fa
and it was okay

                       Mib      Sib
Mama told us we were good kids
                            Rem7               Solm
and daddy told us never listen to the ones
                Rem7                    Solm
pointing nasty fingers and making fun
                         Fa
'cause we were good kids
```
