Dom
  All my body's undulating
Sol/Si
  Back and forth but it's too late and
Soldim/Sib
  There's no cure and no sedating
Labmaj7
  All this pain we're generating
Fam
  This prolonged, insane, grotesque thing
Dom/Mib
  That we wrongly have been naming "love"
Sol7   Sol7
  Honey, this ain't love, no

Dom
  Pretty soon, I will be feeding
Sol/Si
  On the taps your little feet in
Soldim/Sib
  Silver boots make when they're fleeing town
Labmaj7
  And I can't get around to being
Fam
  Much surprised by memories speeding
Dom/Mib
  On the road on which we're bleeding
  Sol7
  Love
                           Sol7
  Honey, this ain't love

Fam   Lab
  I want you to hold me

  Perpendicularly only
Dom
  A sundial for the gods
Sib
  We were born, born to fail
Fam   Lab
  I want you to hold me

  Perpendicularly only
Dom
  A sundial for the gods
Sib
  We were born, born to fail

Dom
  It's raining cats and dogs and lightning
Sol/Si
  Strikes my heart and sheds some light on
Soldim/Sib
  To the fact it ain't so frightening
Labmaj7
  How there hasn't been your pretty sight in

```
Fam
  So much time, my teeth are whitening
Dom/Mib
  From the blood we shed while biting
  Sol7
  Love
                          Sol7
  Honey, this ain't love

Fam              Lab
  I want you to hold me

  Perpendicularly only
Dom
  A sundial for the gods
Sib
  We were born, born to fail
Fam              Lab
  I want you to hold me

  Perpendicularly only
Dom
  A sundial for the gods
Sib
  We were born, born to fail

Fam              Lab
  I want you to hold me

  Perpendicularly only
Dom
  A sundial for the gods
Sib
  We were born, born to fail

Fam   Lab
        Only
Dom   Sib
        Born to fail

Fam              Lab
  I want you to hold me

  Perpendicularly only
Dom
  A sundial for the gods
Sib
  We were born, born to fail
