Hozier - Movement

```
Do#m  Sol#m  La  Sol#  Fa#m  La  Mi  Do#m

Do#m                    Sol#m
 I still watch you when you're groovin'
La                             Sol#        Fa#m
 As if through water from the bottom of a pool
                La
You're movin' without movin'
    Mi             Do#m
And when you move, I'm moved
               Sol#m
You are a call to motion
La                   Sol#            Fa#m
 There, all of you a verb in perfect view
                  Mi
Like Jonah on the ocean
Fa#m           Do#m
When you move, I'm moved

         La
When you move
           Fa#m               Do#m
I'm put to mind of all that I wanna be
         La
When you move
                Fa#m              Mi       Si
I could never define all that you are to me
   Do#          Do#/Fa
So move me, baby
               Fa#m               La
Shake like the bough of a willow tree
Sol#m     Mi
You do it naturally
Si  Mi Do#m
Move    me, baby

Do#m              Sol#m
 You are the rite of movement
La                 Sol#       Fa#m
 Its reasonin' made lucid and cool
               La
I know it's no improvement
Mi               Do#m
When you move, I move
                  Sol#m
You're less Polunin leapin'
La               Sol#
 Or Fred Astaire in sequins
       Fa#m                     M
Honey, you, you're Atlas in his sleepin'
    La               Do#m
And when you move, I'm moved

         La
When you move
        Fa#m                   Do#m
I can recall somethin' that's gone from me
         La
When you move
                  Fa#m
Honey, I'm put in awe of somethin'
   Mi             Si
so flawed and free
   Do#          Do#/Fa
So move me, baby

Move me, baby
               Fa#m               La
Shake like the bough of a willow tree
Sol#m     Mi
You do it naturally
Si Mi  Do#m
Move   me, baby
   Do#           Do#/Fa
So move me, baby
             Fa#m            La Sol#m
Like you've nothin' left to lose
    Mi
And nothin' to prove
Si Mi  Do#m
Move   me, baby
   Do#          Do#/Fa
So move me, baby
               Fa#m               La
Shake like the bough of a willow tree
Sol#m     Mi
You do it naturally
Si  Mi Do#m
Move    me, baby
