Seal - Crazy

```
Mim Sol La4 La

Mim                    Sol
 A man decides after seventy years
              La4                    La
That what he goes there for is to unlock the door
Mim                            Sol               La4     La
  While those around him criticize and sleep
Mim                            Sol
  And through a fractal  on a breaking  wall
     La4                                  La
I see you my friend and touch your face again
Mim                      Sol          La4  La
  Miracles will happen as we dream

Do                           Sol       Re                    La
 But we're never gonna survive  unless  we get little  crazy
Do                           Sol      Re                       La
 No we're never gonna  survive unless  we are a little    crazy

Mim                    Sol
  As the people walking through my head
              La4                      La
one of them's got a gun  to shoot the other one
Mim                            Sol
  and yet together they were friends at school
La4                   La
  oh get it, get it, get it, yeah
Mim                                 Sol
  If I were there when we first took the pill
     La4                        La
them maybe, them maybe, them maybe, them maybe
Mim                      Sol           La4     La
  Miracles will happen as we speak

Do                         Sol          Re                        La
 But we're never gonna  survive unless  we get little  crazy
Do                         Sol          Re                          La
 No  we're never gonna  survive unless  we are a little  crazy
Do                         Sol          Re                          La      Mim
 No  we're never gonna  survive unless  we get a little  crazy

     Lam7                       Sim7
In a sky full of people only some want to fly
           Do7+    Re
isn't that crazy
     Lam7                         Sim7
In a world full of people only some want to fly

Isn't that crazy, crazy, crazy, crazy

     Mim                        Sol
In a heaven of people only some want to fly
           La4       La
isn't that crazy

     Mim                                 Sol
In a world full of people there's only some want to fly
           La4              La                La
Isn't that crazy, crazy, crazy, crazy

Do                           Sol      Re                    La
 But we're never gonna survive unless  we get little  crazy
Do                          Sol      Re                       La      Mim
 No we're never gonna survive unless  we are a little  crazy
