```
La4       Mi                Do                Sol           Re4
Don't be so hard on yourself, Those tears are for someone else
La4       Mi                  Do           Sol        Re4
I hear your voice on the phone, I hear you feel so alone
 La4    Mi          Do    Sol  Re4        La4   Mi     Do     Sol   Re4
My Baby,    Ohhh My Baby,      Please My Baby,     My Baby

La4  Fa#m Sol     La4  Fa#m Sol

     La4             Mi
When we were young and truth was paramount
        Do                  Sol                    Re
We were older then and we lived a life without any doubt
      La4         Mi
Those memories they seem so long ago
       Do                          Sol                   Re
What's become of them?  When you feel like me I want you to know

La4            Sol6
Don't cry... you're not alone
La4         Fa7+    Sol6
Don't cry... tonight, my baby
La4            Sol6
Don't cry... you'll always be loved
La4          Fa7+    Sol6
Don't cry... tonight, my baby

     La4        Mi
Today I dream, of friends I had before
        Do             Sol                   Re
And I wonder why, the ones who care don't call anymore
      La4                        Mi
My feelings hurt, but you know I overcome the pain
       Do                             Sol          Re
And I'm stronger now, there can't be a fire unless there's a flame

La4            Sol6
Don't cry... you're not alone
La4         Fa7+    Sol6
Don't cry... tonight, my baby
La4            Sol6
Don't cry... you'll always be loved
La4          Fa7+    Sol6
Don't cry... oh,oh,oh

Fa7+          Sol6
Limousines and sycophants
       Fa7+              Sol6
Don't leave me now 'cause I'm afraid
            Fa7+         Sol6                  Sol
What you've done to me is now the wolf in my bed
      La4       Sol6       La4
In my head, in my head, in my head

     La4             Mi
The challenges, we took were hard enough
            Do                Sol                         Re
And they get harder now, even when we think that we've had enough
      La4                    Mi
Don't feel alone, 'cause it's all you understand
         Do                Sol                 Re (Hold)
I'm your sedative, take a piece of me whenever you can

La4            Sol6
Don't cry... you're not alone
