Seal - Kiss from a rose

```
Sib      Fa    Sol
na naa nah na na na naa nanana

Sol                              Reb     Fa           Sol
  There used to be a greying tower alone on the sea
               Reb           Fa            Sol
You became the light on the dark side of me
               Fa               Do             Sol
Love remains a drug that's the high, not the pill
                              Solm
But did you know that when it snows,
   Reb          Fa             Reb             Fa            Sol
My eyes become large and the light that you shine can be seen

  Sol                        Reb          Fa           Sol
Baby, I compare you to a kiss from a rose on the grey
                                 Reb          Fa        Sol
Ooh, the more I get of you the stranger it feels, yeah
                   Reb         Fa
And now that your rose is in bloom
  Reb              Fa            Sol
A light hits the gloom on the grey

Reb7+    Fa    Sol
Duba dabu dubiduu...

Sol                              Reb           Fa           Sol
  There is so much a man can tell you, so much he can say
              Reb        Fa             Sol     N.C.
You remain my power, my pleasure, my pain, baby,
   Reb                           Fa                        Sol
to me you're like a growing addiction that I can't deny
                           Reb            Fa
Won't you tell me is that healthy, baby
            Sol                 Solm
But did you know that when it snows,
   Reb          Fa             Reb             Fa            Sol
My eyes become large and the light that you shine can be seen

  Sol                        Reb          Fa           Sol
Baby, I compare you to a kiss from a rose on the grey
                                 Reb          Fa        Sol
