Reb4   Reb          Reb4       Reb
One by one, ticking time bombs won
             Reb4           Reb
It's not the secrets of the government
       Reb4        Reb
That's keeping you dumb
             Lab6       Lab
Oh, it's the other way around, wait
Lab6        Lab
What's that sound?
Lab6        Lab   Lab6      Lab
One by one, baby, here they come
            Reb4 Reb    Reb4      Reb
He wants it ea---sy, he want it relaxed
       Reb4       Reb
Said, "I can do a lot of things,
    Reb4       Reb
but I can't do that"
Lab6      Lab           Lab6        Lab
Two steps forward, then three steps back, alright

Reb              Sibm7   Fam       Lab
Won't you take a walk outside? Oh, no
Reb                  Sibm7 Fam      Lab
Can't you find some other guy? Oh, no
Reb                 Sibm7       Fam        Lab
One-nine-six-nine, what's that sound? Oh, no
Reb              Sibm7 Fam       Lab
Keeping down the under-ground, oh, no

    Solb7+    Reb       Lab       Mibm
The end has no end, the end has no end
    Solb7+   Reb        Lab      Mibm
The end has no end, the end has no end

Reb           Lab

           Reb4 Reb   Reb4      Reb
He want it ea--sy, he want it relaxed
       Reb4              Reb
Said, "I can do a lot of things,
    Reb4       Reb
but I can't do that"
Lab6      Lab          Lab6        Lab
Two steps forward then three steps back,
         Lab6 Lab  Lab6  Lab
it won't be easy

Reb              Sibm7   Fam       Lab
Won't you take a walk outside? Oh, no
Reb                  Sibm7 Fam      Lab
Can't you find some other guy? Oh, no
Reb                Sibm7       Fam         Lab
One-nine-six-nine, what's that sound? Oh, no
Reb              Sibm7 Fam       Lab
Keeping down the under-ground, oh, no

    Solb7+    Reb       Lab       Mibm
The end has no end, the end has no end
    Solb7+   Reb        Lab      Mibm
The end has no end, the end has no end
