Mi6 Mi  Si9 Fa#

Mi6      Mi          Si9               Fa#
Uuuuhhh  Uuuuhhhhh  Uuuuhhhh Uhhhhhh
                                    Mi6  Mi
Some people think they're always right
                         Si9   Fa#
Others are quiet and uptight
                            Mi6                  Mi
Others they seem so very nice nice nice nice nice oh oh
                                  Si9
Inside they might feel sad and wrong
   Fa#                    Mi6   Mi
Oh no 29 different attributes
                       Si9   Fa#
And only 7 that you like
                           Mi6      Mi
oh oh 20 ways to see the world Oh oh
                        Si9    Fa#
Or 20 ways to start a fight
                           Do#m7  Mi Sol#m Fa#
Oh don't dont don't get up!

Si      Re#m7 Fa#  Mi
I can't see   the sunshine
Do#m     Mi Sol#m Fa#         Si Re#m7 Fa# Mi
I'll be waiting  for you baby
        Do#m  Mi Sol#m Fa#
Sit me down
         Si Re#m7 Fa# Mi
Shut me up
         Do#m  Mi Sol#m Fa#
I'll calm down
    Si        Re#m7 Fa#   Mi6 Mi  Si9 Fa#
And I'll get along  with you

Mi6 Mi  Si9 Fa#

                                  Mi6  Mi
Oh, men don't notice what they got
                        Si9  Fa#
Women think of that a lot
                                    Mi6  Mi
One thousand ways to please your man, oh
                          Si9   Fa#
Not even one requires a plan, I know
                         Mi6   Mi
Countless odd religions too
                              Si9      Fa#
It doesn't matter which you choose, oh no
                                 Mi6   Mi
One stubborn way to turn your back, oh
                          Si9   Fa#
This I've tried and now refuse, oh
                           Do#m7  Mi Sol#m Fa#
Oh don't dont don't get up!

Si      Re#m7 Fa#  Mi
I can't see   the sunshine
Do#m     Mi Sol#m Fa#         Si Re#m7 Fa# Mi
I'll be waiting  for you baby
        Do#m  Mi Sol#m Fa#
Sit me down
         Si Re#m7 Fa# Mi
Shut me up
