Babe - Take That

```
Mim                    Re
I come to your door to see you again,
    Lam                          Si
But where you once stood was an old man instead,
  Mim                                 Re
I asked where you'd be, he said she's moved, on you see,
        Lam                          Si
All I have is a number, you'd better ask her not me.
     Sol                      Re
So I picked up the phone and dialled your number,
Lam          Si              Mim
Not sure to put it down or speak.
Do      Sol                     Re
Then a voice I once knew answered in a sweet voice,
    Lam                              Si
She said hello then paused before I began to speak.

Mim              Re
Babe (Babe), I'm here again (I'm here again),
               Lam
I tell you I'm here again (Babe),
               Si
Where have you been? (Where have you been?),
Mim              Re
Babe (Babe), I'm back again (I'm back again),
         Lam
I tell you I'm back again (Babe),
      Si
Where have you been?

    Mim                                Re
You held your voice well, there were tears I could tell,
    Lam                                 Si
But where were you now, was you gonna tell me in time?
     Mim                 Re
Just give me a town and I'll be straight down,
         Lam         Si                      Sol
I've got so much to tell you about where I have been.
                                   Re
As I walked down your road, can't wait to be near you,
Lam                Si             Mim
I can't keep this feeling in inside (I, I, I can't keep it inside),
Re     Sol                         Re
As I stand at your door you answered in a sweet voice,
    Lam                                  Si
you said: I love then paused, before I begin to speak.

Mim        Re
Babe, I'm here again (I'm here again),
               Lam
I tell you I'm here again (Babe),
               Si
Where have you been? (Where have you been?),
Mim           Re
Babe (Babe), I'm back again (I'm back again),
         Lam
I tell you I'm back again (Babe),
      Si
Where have you been?

Do        Re          Sol     Re     Mim    Sol
As I looked away, I saw a face behind you,
Do         Re                 Sol    Sol7 Mi7
 A little boy stood at your door (Boy stood at your door).

 And when I looked again I saw his face was shining
Sol          Lam                          Si
He had my eyes (My eyes), he had my smile (my smile)

Mim                Re
Babe (Babe), I'm back again (I'm here again),
                  Lam
I tell you I'm back again (Babe)
               Si
I'm here for you (Where have you been?)
Mim                    Re
Babe (Babe), please take me back (I'm back again),
         Lam
Take me back (Babe),
           Si
Back home again.
Mim                    Re
Babe (Babe), please hold me close (I'm here again),
         Lam
Hold me close (Babe),
          Si
Like you used to do (Where have you been?),
Mim                  Re
Babe (Babe), just me and you (I'm back again),
         Lam
You and me (Babe).
Lam
Ooh
