Higher – Take That

```
Mim               La
Ba-da-bum, ba-da-ba-ba-ba
Fa#m              Si7
Higher, higher, higher
Mim               La
Ba-da-bum, ba-da-ba-ba-ba (Ah)
Fa#m              Si7
Higher, higher, higher

       Mim                              La
Like a shooting star, I’m only ever going up
       Fa#m                             Si7
Flying closer to the sun, but never burning up
          Mim                                        La
We're the feeling, once you have it, you won't give it up
          Fa#m                    Si7
You can’t get enough, it's that kinda love

Mim
You and me, meant to be

Maybe you’re my destiny
Fa#m
Through the night, speed of light
Si7
Feeling like

   Mim             La
My head's so high
                     Fa#m          Si7
And I just can’t control my mind
               Mim                          La
I thought that I’d been on top of the world
                Fa#m             Si7
But you lift me higher, higher, higher
   Mim              La
My heart don’t lie
                    Fa#m        Si7
You know you’re my one desire
               Mim                       La
I thought that I’d been on top of the world
                Fa#m             Si7
But you lift me higher, higher, higher

       Mim                                    La
Like a flame, I’m only feeding off your energy
        Fa#m                            Si7
We’re a chemical reaction, call it synergy
         Mim                               La
It's telepathic, our connection, only we can see
             Fa#m
When there’s no one else, just you and me
    Si7
I’m feeling like

   Mim             La
My head's so high
                     Fa#m          Si7
And I just can’t control my mind
               Mim                       La
I thought that I’d been on top of the world
                Fa#m             Si7
But you lift me higher, higher, higher
   Mim              La
My heart don’t lie
```

```
                  Fa#m        Si7
You know you’re my one desire
               Mim                      La
I thought that I’d been on top of the world
                Fa#m             Si7
But you lift me higher, higher, higher

Mim              La
Higher, higher, higher
Fa#m             Si7
Higher, higher, higher
Mim              La
Higher, higher, higher
Fa#m             Si7
Higher, higher, higher

Si7              Mim             La
Feeling like my head's so high
                    Fa#m          Si7
And I just can’t control my mind
               Mim                      La
I thought that I’d been on top of the world
                Fa#m             Si7
But you lift me higher, higher, higher
   Mim              La
My heart don’t lie
                  Fa#m        Si7
You know you’re my one desire
               Mim                      La
I thought that I’d been on top of the world
                Fa#m             Si7
But you lift me higher, higher, higher

            Mim  La
You take me higher
            Fa#m Si7
You take me higher
            Mim  La
You take me higher
            Fa#m Si7
You take me higher
            Mim  La
You take me higher
            Fa#m Si7
You take me higher
            Mim  La
You take me higher
            Fa#m Si7
You take me higher
```
