

Before You - Benson Boone

Capotasto al 4° tasto

Sol Re
Why would I want to fly
Mim
Be on the last red eye
Do
Talkin' to your voice, only hearing noise
Re
Oh, it's not enough
Sol Re
All of the nights I spent
Mim
Drownin' my discontent
Do
Wasting me away, everything has changed
Dom
Now that I found us

Lam Dom
And it feels like home

Sol Re
Darling, if you don't mind
Mim
I'll take your hand tonight
Do
We could just slow down time
Re
Let me adore you
Sol Re Mim
And from the moment I looked in those dark brown eyes
Do
I can't remember life
Re
Before you

Sol Re
Why would I want to go?
Mim
Now that you're all I know
Do
Smilin' under stars
Playin' chasin' cars
Dom
Somethin' 'bout the art of music in the dark

Lam Dom
And it feels like home

Sol Re
Darling, if you don't mind
Mim
I'll take your hand tonight
Do
We could just slow down time
Re
Let me adore you, oh
Sol Re Mim
And from the moment I looked in those dark brown eyes
Do
I can't remember life
Re
Before you

Sol Re Mim Do Re
Oh, before you

Sol Re
I bet I was lost and alone
Mim
I was barely holding on
Do Re
To the thought of a moment like this

Sol Re
I bet I was lost and alone
Mim
I was barely holding on
Do Re
To the thought of a moment like this

Sol Re
Oh, I must have been lost and alone
Mim
I was barely holding on
Do Re
To the thought that someone like you exists

Sol Re
Darling, if you don't mind
Mim Re
I'll take your hand tonight
Do
We could just slow down time
