

Slow it down - Benson Boone

Capotasto al 1° tasto

Sol

I'd never met you, but I wanted

Mim

To invite you to the party

Sim

Then you walked in with those green eyes

Re

Never stolen by nobody

Sol

And they flicker to the future

Mim

For a moment, I could picture

Sim

Then you touch me, and I come back

Re

And we're talking on the staircase

Do

'Bout your big dreams on the big screens

Mim

Sim

Out of Georgia, now you're lonely in this city

Layin' with me

Re

And you're scared it's moving quickly

Do

Oh, now you're crying, you're in pieces

Mim

Sim

'Cause the only love you've ever known is Jesus

I can feel it

Re

Oh, I hate that I'm the reason that you're

Mim

Sim

Do

In your head right now

Mim

Sim

Do

While your whole world is spinning out

Do

So, slow it down

Mim

Take a moment now

Sim

We're too young to drown

Re

Deep in dirty waters

Do

Full of hopeless doubt

Mim

Let me pull you out

Sim

Let me hold you now

Re

Let me slow it down

Sol

Ain't it funny how it changes

Mim

How the future rearranges?

Sim

I get nervous or I'm anxious

Re

Maybe loving you is dangerous

Do
I could lose you like the others
Mim Sim
The only girl that never left me is my mother
Oh, I love her
Re
And I know you'll probably hate it, but I'm

Mim Sim Do
In my head right now

Do
So, slow it down
Mim
Take a moment now
Sim
We're too young to drown
Re
Deep in dirty waters
Do
Full of hopeless doubt
Mim
Let me pull you out
Sim
Let me hold you now
Re
Let me

Do
Slow it down
Mim Sim
When you're on the ground and you're crying
Re
I'm trying
Do
To slow it down
Mim Sim Re
When you're spinning round in your head

Mim Sim Do
Ooh-ooh-ooh, ooh-ooh
Mim Sim Do
I'll help you slow it down
