You're a superstar - Take That

```
Sol Do/Mi Fa Do/Mi
Sol Do/Mi Fa

Do/Mi        Sol     Do/Mi     Fa
Silver and gold, I wanna see
Do/Mi        Sol         Do/Mi        Fa
All of the colours I know I can be
    Do/Mi         Sol         Do/Mi         Fa
But you see the days, the skies don't shine
Do/Mi Sol                       Do/Mi     Fa    Do/Mi
Oh,  and then you put your hand in mine

Fa                    Rem
 And my heart comes alive
                    Sol
All the stars turn bright
          Do/Mi           Fa
A million times in your arms tonight

      Sol       Do/Mi     Fa
And I want to let you know
Do/Mi      Sol             Do/Mi Fa
You're a superstar and I'm yours
Do/Mi   Sol       Do/Mi     Fa
And I need to let you know
Do/Mi   Sol                   Do/Mi     Fa
I'm a superstar too, just need to grow
Do/Mi Sol
Ooh
Do/Mi Fa
Ooh
Do/Mi Sol
Ooh
Do/Mi Fa
Ooh

Do/Mi         Sol        Do/Mi          Fa
Deep in the silence, I know there are
Do/Mi     Sol             Do/Mi     Fa
So many lines unsung, so many parts
    Do/Mi       Sol         Do/Mi       Fa
But you see a fire, you give me a chance
   Do/Mi    Sol                       Do/Mi    Fa
To be someone, this is more than just a dance

    Do/Mi Fa
And I am a butterfly
          Rem                           Sol
And these wings could learn to fly so high
            Do/Mi            Fa
So come on, save my life tonight

      Sol       Do/Mi     Fa
And I want to let you know
Do/Mi      Sol             Do/Mi Fa
You're a superstar and I'm yours
Do/Mi   Sol       Do/Mi     Fa
And I need to let you know
Do/Mi   Sol                   Do/Mi     Fa
I'm a superstar too, just need to grow
    Do/Mi   Sol
And every boundary
       Do/Mi Fa
Can be overcome
