The Verve - The drugs don't work

```
Do Lam Mim Fa Sol  Do

Do
All this talk of gettin' old
                Lam                Mim
it's gettin' me down my love like a cat in a bag
           Fa   Sol             Do
waiting to drown This time I'm coming down

Do
and I hope you're thinking of me
                Lam
as you lay down on your side
                    Mim                    Fa
now the drugs don't work they just make you worse
      Sol                  Do
but I know I'll see your face again
                    Mim                    Fa
now the drugs don't work they just make you worse
      Sol                  Do
but I know I'll see your face again

Do
But I know I'm on a losing streak
                    Lam
cause I passed down my old street
                  Mim                  Fa
and if you wanna show then just let me know
          Sol             Do
and I'll sing in your ear again
                    Mim                    Fa
now the drugs don't work they just make you worse
      Sol                  Do
but I know I'll see your face again

            Fa     Mim
cause baby ooohhhh
          Lam               Sol               Fa  Mim
if heaven calls I'm coming too Just like you said
             Lam                 Sol
if you leave my life I'm better of dead.
