Michael Bublé - Hollywood

```
Fa     Fam     Do

                        Do
Could you be a teenage idol?
                      Re
Could you be a movie star?
       Fa                        Fam
When I turn on my TV, will you smile and wave at me,
        Do
telling Oprah who you are?
                     Do
So you want to be a rock star,
                                 Re
with blue-eyed bunnies in your bed?
      Fa                                  Fam
Well, remember when you're rich that you sold yourself for this,
           Do
you'll be famous 'cause you're dead

             Mim   Lam    Fa    Do
So don't go higher for desire
               Lam
Put in in your head,
                    Re
baby, Hollywood is dead,
                    Do
you can find it in yourself

                             Do
Now I don't want to take you dancin'
                             Re
when you're dancin' with the world
        Fa                             Fam
You can flush your caviar and your million dollar car,
        Do
I don't need that kind of girl
                           Do
But could you be the next sensation?
                         Re
Will you set the latest style?
          Fa
You don't need a catchy song
            Fam                              Do
'cause the kids'll sing along when you sell it with a smile

             Mim    Lam   Fa    Do
So don't go higher for desire
               Lam
Put in in your head,
                    Re
baby, Hollywood is dead,
                    Do
you can find it in yourself.
             Mim     Lam           Fa  Do
So don't fly higher for for your fire.
               Lam
Put in in your head,
                    Re
baby, Hollywood is dead,
                    Do
you can find it in yourself

Fa                                          Fam               Do
Na na na na na na (Keep it in your head, Hollywood is dead)

                            Do
Well, you can do the money tango
                    Re
You can start your little band
         Fa                                    Fam
You can swing from vine to vine while the cuties wait in line
          Do
with the money in their hands
                   Do                                    Re
But if you get to California, save a piece of gold for me.
               Fa
And it's the only thing you'll save,
          Fam                            Do
but I'll bet you'll never wave when I watch you on TV.

             Mim    Lam   Fa    Do
So don't go higher for desire
                 Lam
Put in in your head,
                    Re
baby, Hollywood is dead,
                    Do
you can find it in yourself.
              Mim    Lam            Fa  Do
So don't fly higher for for your fire.
                 Lam
Put in in your head,
                    Re
baby, Hollywood is dead,
                    Do
you can find it in yourself

                        Lam                                  Re
Keep on lovin' what is true and the world will come to you,
                    Do
you can find it in yourself
              Lam                                  Re
Love what is true and the world will come to you,
                    Do
you can find it in yourself
No no no no no

Fa     Fam     Do (reoccurs until the end of the song)
