Michael Bublé - To love somebody

```
Fa#  Mi  Si  Fa#

           Fa#
There s a light
  Sol#m
A certain kind of light
Si                   Fa#
That never shone on me
Mi                 Fa#             Do#
I want my life to be lived with you
           Si
Lived with you

          Fa#    Sol#m
There s a way, everybody say
Si                            Fa#
To do each and every little thing
Mi                Fa#
But what does it bring
           Do#              Si
If I ain t got you, aint got

Fa#                         Do#
You don t know what its like, baby
Si                          Fa#
You don t know what its like
            Do#             Si
To love somebody To love somebody
          Fa#         Do#
The way I love you

      Fa#
In my brain,
  Sol#m
I see your face again
Si                  Fa#
I know my frame of mind
Mi                        Fa#
You ain t got to be so blind
        Do#               Si
And I m blind, so very blind

      Fa#    Sol#m
I m a man, can t you see what I am?
Si                        Fa#
I live and breathe for you
Mi                       Fa#
But what good does it do
           Do#              Si
If I ain t got you, aint got?

Fa#                         Do#
You don t know what its like, baby
Si                          Fa#
You don t know what its like
            Do#
To love somebody
            Si
To love somebody
          Fa#
The way I love you                    2x

Fa#  Mi  Si  Fa#
