Jake Bugg - Lightning Bolt

```
Mi     Si   La

Mi              Si      La         Mi
Morning, it's another pure grey morning
Si                    La      Mi
Don't know what the day is holding
        Si      La
When I get uptight
        Mi                   Si         La         Mi
And I walk right into the path of a lightning bolt

Mi             Si    La         Mi
Sirens of an ambulance comes howling
         Si          La       Mi
Right through the centre of town and
         Si        La
No one blinks an eye
       Mi                          Si          La         Mi
And I look up to the sky for the path of a lightning bolt

Mi               Si      La      Mi
Met her as the angels parted for her
         Si    La          Mi
But she only brought me torture
     Si           La
But that's what happens
           Mi                            Si         La         Mi
When it's you who's standing in the path of a lightning bolt

La
Everyone I see just walks the walk with gritted teeth
           Mi
But I just stand by and I wait my time
             La
They say you gotta toe the line they want the water not the wine
           Mi                Si            La         Mi
But when I see the signs I jump on that lightning bolt

Mi                Si        La           Mi
Chances, people tell you not to take chances
           Si               La          Mi
When they tell you there aren't any answers
           Si           La
And I was starting to agree
        Mi                       Si         La         Mi
But I awoke suddenly in the path of a lightning bolt

Mi                 Si      La         Mi
Fortune, people talking all about fortune
         Si          La             Mi
Do you make it or does it just call you
         Si             La
In the blinking of an eye
       Mi                         Si         La         Mi
Just another passer by in the path of a lightning bolt

La
Everyone I see just walks the walk with gritted teeth
           Mi
But I just stand by and I wait my time
             La
They say you gotta toe the line they want the water not the wine
           Mi                Si            La         Mi
But when I see the signs I jump on that lightning bolt
```

```
Mi                      Si     La            Mi
It was silent, I was lying back gazing skyward
Si          La            Mi
When the moment got shattered
     Si                 La
I remembered what she said
               Mi           Si          La         Mi
And then she fled in the path of a lightning bolt
```
