Jake Bugg - Trouble Town

```
Mi

Mi
Stuck in speed bump city where the only thing that's pretty
       Sol          La       Mi
Is the thought of getting out

Mi
There's a tower block overhead, all you got's your benefits
           Sol      La        Mi
And you're barely scraping by

        La
In this trouble town
             Mi
Troubles are found
        La
In this trouble town
               Mi
Word soon gets 'round

Mi
Kick the bottom, make troubles flee and smoke until our eyes would bleed
    Sol       La       Mi
And sparkle pop the seed

Mi
Hear the sirens down the street, the kids get light on their feet
   Sol           La      Mi
Or they'll be in the back seat

        La
In this trouble town
             Mi
Troubles are found

Sim
Sitting on the pavement
La
Boy, you missed your payment
    La                       Mi
And they're gonna find you soon

             Sim
If there's a beating in the rain
             La
If there's a little bit of pain, man
La                         Mi
You're the one it happens to

Mi
If I talk of getting out I only hear the laughter loud
     Sol      La     Mi
It's got an ugly echo

Mi
Somewhere there's a secret road to take me far away I know
     Sol        La    Mi
But 'til then I am hollow
        La
In this trouble town
             Mi
Troubles are found
        La
In this trouble town
