Jake Bugg - Two Fingers

```
             Mi
I drink to remember, I smoke to forget
                  La
Some things to be proud of, some stuff to regret
                      Sisus2
Been down some dark alleys, in my own head
               La
Some thing is changing, changing, changing.

             Mi
I go back to Clifton to see my old friends
                 La
The best people I could ever have met
           Sisus2
Skin up a fat one, hide from the Feds
              La
Something is changing, changing, changing.

     Mi
So I kiss goodbye to every little ounce of pain
 Sisus2
Light a cigarette and wish the world away
      La                                        Mi
I got out I got out I'm alive and I'm here to stay
     Mi
So I hold two fingers up to yesterday
 Sisus2
Light a cigarette and smoke it all away
      La                                          Mi
I got out, I got out, I'm alive and I'm here to stay

             Mi
Down in the kitchen drinking white lightning
               La
He's with my momma, yelling and fighting
              Sisus2
It's not the first time praying for silence
              La
Something is changing, changing, changing

     Mi
So I kiss goodbye to every little ounce of pain
 Sisus2
Light a cigarette and wish the world away
       La                                       Mi
I got out I got out I'm alive and I'm here to stay
      Mi
So I hold two fingers up to yesterday
 Sisus2
Light a cigarette and smoke it all away
       La                                       Mi
I got out I got out I'm alive and I'm here to stay

           Do#m                                 Mi
There's a story for every corner of this place
 La                                             Mi
Running so hard you got out but your knees got grazed
        La7             Sisus2                    Mi
I'm an old dog but I learned some new tricks yeah

      Mi
So I kiss goodbye to every little ounce of pain
 Sisus2
Light a cigarette and wish the world away

I left it behind
