# *Cris Cab - Loves me not*

```
Mim                  Re                            Do
She walked into the frame, she moved like water.
Mim                Re             Lam              Do
Before I knew her name I knew I wanted her there.
Mim              Re                Lam             Sim
Now every other night we spend together.
Mim                Re              Lam
And all I want to do is give her pleasure, yeah!

Lam
But when I'm on her heart, she's coming down.

When I'm showing up she's not around.
                   Do                 Lam
Then there's the days when I'm not around.
                 Sim
Shouldn't have opened up my heart.

Mim                        Re
Gotta let me know if you feel the same
Lam                                              Sim
A girl like you shouldn't be playing those games.
Mim                            Re
Wanna show you more give you all I got
Lam                              Sim
She loves me so, she loves me not...
Mim                        Re
Gotta let me know if you feel the same
Do                             Lam            Sol

Mim                       Re            Lam Sim
I watch her sleep just like an angel.
Mim                   Re                 Lam         Sim
But when she wakes she leaves right out of there.
Mim           Re                Lam
I know I'm playing in the danger.
Mim            Re               Lam
But I like the thing she does to me, yeah!

                                    Do      Lam
But when I'm on her heart, she's coming down.
                    Sol         Lam

                   Do     Lam
