Johnny Cash – I walk the line

```
La  Re  La  Mi  Si7  Mi

         Si7                            Mi
I keep a close watch on this heart of mine
          Si7                      Mi
I keep my eyes wide open all the time
           La                           Mi
I keep the ends out for the tie that binds
               Si7               Mi     La
Because you're mine, I walk the line

          Mi                      La
I find it very, very easy to be true
       Mi                                La
I find myself alone when each day is through
           Re                    La
Yes, I'll admit I'm a fool for you
               Mi                 La      Re
Because you're mine, I walk the line

           La                           Re
As sure as night is dark and day is light
           La                          Re
I keep you on my mind both day and night
         Sol                                    Re
And happiness I've known proves that it's right
               La                 Re       La
Because you're mine, I walk the line

             Mi                         La
You've got a way to keep me on your side
            Mi                                La
You give me cause for love that I can't hide
          Re                                  La
For you I know I'd even try to turn the tide
               Mi                 La      Mi
Because you're mine, I walk the line

         Si7                            Mi
I keep a close watch on this heart of mine
          Si7                      Mi
I keep my eyes wide open all the time
           La                           Mi
I keep the ends out for the tie that binds
               Si7               Mi
Because you're mine, I walk the line
