Celin Dion - I love you

```
Mi        Do#m        Fa#m        Si

Mi
 I must be crazy now
Si/Re#
 Maybe I dream too much
Do#m7
 But when I think of you
  Si                La
I long to feel your touch
Mi
 To whisper in your ear
Si/Re#
 Words that are old as time
Do#m7
 Words only you would hear
   Si            La
If only you were mine
       Sol#m
I wish I could go back
                        Do#m
to the very first day I saw you
          Fa#m                                  Si
Should've made my move when you looked in my eyes
          Sol#m
'Cause by now I know that you'd
                  Do#m
feel the way that I do
        Fa#m
And I'd whisper these words
                        Si
as you'd lie here by my side

La    Mi Si/Re# Do#m
Ah... I  love   you
               Fa#m      Si
Please say you love me too
            Sol#m
These three words
                              Do#m
They could change our lives forever
      Fa#m7                                  Si
And I promise you that we will always be together
 La      Mi           Do#m7        Fa#m        Si
'Til the end of time...

La/Si   Mi
   So today I finally find

The courage deep inside
        Si/Re#
Just to walk right up to your door
       Do#m
But my body can't move

When I finally get to it
            Si               La
Just like a thousand times before
       Sol#m                          Do#m
Then without a word he handed me this letter
         Fa#m                               Si
Read, "I hope this finds the way into your heart"
La
It said
