Celin Dion - The power of love

```
                    Lab
The whispers in the morning
                Fam
Of lovers sleeping tight
                    Lab
Are rolling by like thunder now
                Mib
As I look in your eyes
                  Lab
I hold on to your whole body
                  Fam
And feel each move you make
                     Reb
Your voice is warm and tender
             Lab/Do      Mib
A love that I could not forsake

                  Lab
'Cause I'm your lady
             Reb
And you are my man
          Dom Sibm
Whenever you reach for me
                   Mib
I'll do all that I can

                       Lab
Even though there may be times
                   Fam
It seems I'm far away
              Reb
Never wonder where I am
             Lab/Do      Mib
'Cause I am always by your side

                  Lab
'Cause I'm your lady
                Reb
And you are my man
               Sibm
Whenever you reach for me
                   Mib
I'll do all that I can
                  Lab
We're heading for something
                     Reb
Somewhere I've never been
             Dom Sibm                          Mib
Sometimes I am frightened but I'm ready to learn
       Reb      Lab   Reb
Of the power of love
    Mib                 Lab      Reb
The sound of your heart beating
        Mib        Fam    Reb
Made it clear suddenly
    Mib            Lab
The feeling that I can't go on
Reb               Mib    Reb Mib
  Is light years away
 Reb   Mib      Lab
'Cause I'm your lady
                Reb
And you are my man
          Dom Sibm
Whenever you reach for me
```

```
                          Mib
I'm gonna do all that I can
                   Lab
We're heading for something
                      Reb
Somewhere I've never been
             Dom Sibm                          Mib
Sometimes I am frightened but I'm ready to learn
       Reb      Lab
Of the power of love...

The power of love...
```
