Celin Dion - Think twice

```
Fa    Solm    Fa    Solm

Rem
 Don't think I can't feel
             Solm
that there's something wrong
Do
 You've been the sweetest part
      Lam         Sib   Rem
of my life for so long
                                 Solm
I look in your eyes, there's a distant light
Do                                  Lam      Sib
 And you and I know there'll be a storm tonight
Solm               Do       Solm7
   This is getting serious
                         Do           Sib/Re
Are you thinking 'bout you or us?

Do/Mi  Fa               Sib     Do   Sib/Re
Don't say what you're about to say
Do/Mi Fa             Lam      Sib   Do
Look back before you leave my life
    Fa             Sib         Do
Be sure before you close that door
           Solm7 Fa/La  Sib
Before you roll  those dice
        Fa          Solm
Baby, think twice

            Rem
Baby, think twice for the sake of our love,
        Solm     Do
for the memory
                                      Lam     Sib
For the fire and the faith that was you and me
Rem
 Babe, I know it ain't easy
                               Solm
when your soul cries out for a higher ground
Do
 'Cause when you're half-way up,
              Lam      Sib     Solm
you're always half-way down
                    Do               Solm
But, baby, this is serious (this is serious!)
                         Do     Sib/Re
Are you thinking 'bout you or us?

Do/Mi  Fa               Sib     Do   Sib/Re
Don't say what you're about to say
Do/Mi Fa             Lam      Sib   Do
Look back before you leave my life
    Fa             Sib         Do
Be sure before you close that door
           Solm7 Fa/La  Sib
Before you roll  those dice
            Rem     Solm     Rem      Solm
Baby, think twice

Fa/La Sib
              Do               Solm Sib
Baby, this is serious (this is seri-ous)
        Rem            Do
Are you thinking 'bout you or us, baby?
```

```
       Fa                Sib     Do
Don't say what you're about to say

(No, no, no, no)
      Fa              Lam      Sib
Look back before you leave my life
                 Do
(Don't leave my life)
    Fa              Sib          Do
Be sure before you close that door
           Solm7  Fa/La  Sib
Before you roll   those dice
Do          Fa   Sib   Do
Baby, think twice....

(Don't do what you're about to do)
    Fa          Lam      Sib
My everything depends on you
             Do
(I depend on you)
   Fa                    Sib   Do
Whatever it takes, I'll sacrifice
           Solm7  Fa/La  Sib
Before you roll   those dice

(Don't you remember? Oh, don't you remember?)
       Fa                Sib     Do   Sib/Re
Don't say what you're about to say
Do/Mi Fa             Lam      Sib
Look back before you leave my life
                 Do
(Don't leave my life)
    Fa              Sib          Do
Be sure before you close that door
           Solm7  Fa/La Sib
Before you roll   those dice...
```
