Levitating – Dua Lipa

```
Sim7  Fa#m7  Mim7  Sim7 2v

Sim7                        Fa#m7
If you wanna run away with me, I know a galaxy
    Mim7                    Sim7
And I could take you for a ride
                             Fa#m7
I had a premonition that we fell into a rhythm
          Mim7                 Sim7
Where the music don't stop for life
                     Fa#m7
Glitter in the sky, glitter in my eye
Mim7                   Sim7
Shining just the way I like
                                 Fa#m7
If you feeling like you need a little bit of company
    Mim7                  Sim7
You met me at the perfect time
           Fa#m7              Mim7
You want me, I want you, baby
            Sim7
My sugar boo, I'm levitating
             Fa#m7
The milky way, we're renegading
Mim7                    Sim7
Yeah, yeah, yeah, yeah, yeah

      Sim7 Fa#m7
I got you, moonlight
Mim7      Sim7
You're my starlight
           Fa#m7
I need you all night
Mim7                   Sim7
Come on, dance with me   I'm levitating
      Sim7 Fa#m7
I got you, moonlight
Mim7      Sim7
You're my starlight
           Fa#m7
I need you all night
Mim7                   Sim7
Come on, dance with me   I'm levitating

Sim7  Fa#m7  Mim7  Sim7

Sim7
I believe that you're for me,
  Fa#m7
I feel it in our energy
  Mim7                  Sim7
I see us written in the stars
                              Fa#m7
We can go wherever, so let's do it now or never
      Mim7                    Sim7
Baby, nothing's ever ever too far
                     Fa#m7
Glitter in the sky, glitter in our eyes
Mim7                   Sim7
Shining just the way we are
                                 Fa#m7
I feel like we're forever every time we get together
        Mim7                     Sim7
But whatever, let's get lost on Mars
