Smokers outside the hospital doors - Editors

```
Sol   Do    Mim       Sol     Do
Pull the blindfold down
         Mim      Sol     Do
So your eyes can't see
           Mim          Sol   Do
Now run as fast as you can
              Mim      Sol
Through this field of trees

Sol    Do  Mim/La  Sol    Do  Mim/La
Sol    Do  Mim/La  Sol    Do  Mim/La

Sol  Do    Mim     Sol        Do
Say goodbye to everyone
         Mim    Sol    Do
You have ever known
        Mim         Sol      Do  Mim  Re
You are not gonna see them ever again

         Mim         Lam          Re
I can't shake this feeling I've got
         Mim            Lam          Re
My dirty hands, have I been in the wars?
            Mim         Lam        Re
The saddest thing that I'd ever seen
              Mim         Lam      Do
Were smokers outside the hospital doors

Sol       Re       Mim    Do
Someone turn me around
      Sol     Re     Mim   Do
Can I start this again?

Sol    Do  Mim  Sol    Do  Mim

        Sol Do  Mim      Sol     Do
How can we wear our smiles
          Mim      Sol       Do
With our mouths wide shut
            Mim              Sol     Do  Mim  Re
'Cause you stopped us from singin'

         Mim         Lam          Re
I can't shake this feeling I've got
         Mim            Lam             Re

Now someone turn us around
        Sol    Re     Mim   Do   Sol
Can we start this again?

       Sol       Lam          Mim       Do
We've all been changed from what we were
     Sol      Lam                Mim       Do
Our broken parts left smashed off the floor
