Europe - I'll cry for you

```
Mi        La
Mi        La
  Mi9
I never dreamed that I could fall
                La9
But something's come over me
        Mi9
Now I'm sittin' starin' at the wall
             La9
Afraid for my sanity, yeah
    Re9
The sound of your voice
The touch of your skin
   La9                   La Mi/Sol#
Is hauntin' me hauntin' me
Fa#m7                Mi/Sol#
 I'm still tryin' to come to my senses
      La9
But I can't look back
       Si
So I'm takin' my chances
Mi       Si          Do#m7
 I wanna give you my heart
Si          La    Si Mi
Give you my soul
        Si          Do#m7
I wanna lay in your arms
Si         La    Si Mi
Never let go
                    Si4
Don't wanna live my life without you
La9             Si4
 But I know when you're gone
Do#m    Si           La9
 Like a fire needs a spark
       Mi/Sol#     Fa#m7        Mi/Sol# La
Like a fool in the dark, yeah
                     Mi
Honey, I'll cry for you
         La9
Cry for you
Mi9
Wonderin' why I'm runnin' scared
              La9
From what I believe in, yeah
            Mi9
I know that love is just another word
             La9
To say what I'm feelin'
    Re9
For once in my life the future is mine
     La9                   La Mi/Sol#
It's callin' me callin' me
Fa#m7                   Mi/Sol#
 I've been searchin' so long for an answer
         La9
But it's too late now
       Si
So I'm takin' my chances
Mi       Si          Do#m7
 I wanna give you my heart
Si          La    Si Mi
Give you my soul
        Si          Do#m7
I wanna lay in your arms

 But I know when you're gone...
                        Mi
Honey, I'll cry for you
I wanna lay in your arms
         La9
Cry for you
I wanna lay in your arms
                            Mi
Yeah honey, I'll cry for you
I wanna give you my heart
         La9
Cry for you
I wanna lay in your arms
                        Mi          La9
Don't make me cry for you, oh...
                                      Mi     La9
Don't make me cry now, baby no oh-oh,
         Mi        La9
oh yeah...
                                    Mi        La9
I've been searching for an answer now, oh...
