Fa#m
 We're leaving together,
                Sim      Fa#m
But still it's farewell
And maybe we'll come back,
   Mi/Sol#  La           Re
To earth, who can tell?
                 Mi               La
I guess there is no one to blame
      Mi/Sol#  Fa#m     Mi      Re
We're leaving ground   leaving ground
                 Do#m          Mi
Will things ever be the same again?
               Fa#m       Re  Sim  Mi
It's the final countdown...
          Fa#m       Re  Sim  Mi  Fa#m
the final countdown...           Ohhh,
We're heading for Venus
             Sim        Fa#m
and still we stand tall
Cause maybe they've seen us
    Mi/Sol#    La   Re
and welcome us all
             Mi                 La
With so many light years to go
    Mi/Sol#      Fa#m    Mi    Re
and things to be found  to be found
              Do#m           Mi
I'm sure that we'll all miss her so
               Fa#m       Re  Sim  Mi
It's the final countdown...
          Fa#m       Re  Sim  Mi
the final countdown...
          Fa#m     Mi/Sol#  La  Re  Do#4 Do#
the final countdown...              Ohhh
Sim  La7  Re  Sol  Mim  La  Sim  Fa#m
