Extreme - Hole hearted

```
Re Mi Re Mi Re Mi Fa

La La La Re La La La Re

La
Life's ambition occupies my time
La                      Re
Priorities confuse the mind
La
Happiness one step behind
La                              Re
This inner peace I've yet to find

Re
Rivers flow into the sea
     La7
Yet even the sea is not so full of me
    Re
If I'm not blind why can't I see
        La7
That a circle can't fit where a square should be

          Sol
There's a hole in my heart
         Do
That can only be filled by you
          Sol
And this hole in my heart
         Do7
Can't be filled with the things I do

     Re              Fa      Mi
Hole hearted,  Hole hearted
     Re              Fa      Mi
Hole hearted,  Hole hearted

La La La Re
La La La Re

      La
This heart of stone is where I hide
       La                          Re
These feet of clay kept warm inside
La
Day by day less satisfied
     La                 Re
Not fade away before I die

Re
Rivers flow into the sea
     La7
Yet even the sea is not so full of me
    Re
If I'm not blind why can't I see
        La7
That a circle can't fit where a square should be

          Sol
There's a hole in my heart
         Do
That can only be filled by you
          Sol
And this hole in my heart
         Do7
Can't be filled with the things I do

```
          Sol
There's a hole in my heart
         Do
That can only be filled by you
            Sol
Should have known from the start
         Do7
I'd fall short with the things I do

     Re              Fa      Mi
Hole hearted,  Hole hearted
     Re              Fa      Mi       Re
Hole hearted,  Hole hearted
