George Ezra - Paradise

```
     Si
My love (my love)

My lover, lover, lover
         Fa#                    Si
I'm in paradise whenever I'm with you
    Si
My mind (my mind)

My m-m-m-m-mind
             Fa#                     Si
Well it's a paradise whenever I'm with you
     Si
Ride on (ride on)

I will ride on down the road
        Fa#                             Si
I will find you, I will hold you, I'll be there
      Si
It's long (how long?)

It's a mighty long road but
   Fa#                                 Si
I find you, I will hold you and I'll be there

   Mi                      Fa#
I know you heard it from those other boys
          Si
But this time it's real

It's something that I feel and
Mi                          Fa#
I know you heard it from those other boys
          Si
But this time it's real

It's something that I feel and

Fa#                            Mi
If it feels like paradise running through your bloody veins
     Si
You know it's love heading your way
Fa#                             Mi
If it feels like paradise running through your bloody veins
     Si
You know it's love heading your way

    Si
My time (my time)

My t-t-t-t-time
                    Fa#
Well its a never ending helter skelter
                               Si
We'll be out whatever the weather
    Si
My heart (my heart)

My boom-boom heart
        Fa#
It's a beat and it's a thumping
    Si
And I'm alive
```

```
   Mi                       Fa#
I know you heard it from those other boys
          Si
But this time it's real

It's something that I feel and
Mi                           Fa#
I know you heard it from those other boys
          Si
But this time it's real

It's something that I feel and

Fa#                            Mi
If it feels like paradise running through your bloody veins
     Si
You know it's love heading your way
Fa#                             Mi
If it feels like paradise running through your bloody veins
     Si
You know it's love heading your way
