Fam7                    Fam7/Sib                  Mibmaj7 Reb9 Do9
Strollin' in the park, watching winter turn to spring.
Fam7                  Fam7/Sib                  Mibmaj7 Mib7/La
Walking in the dark, seeing lovers do their thing.

Labmaj7          Solm7                     Fam7   Dom7
That's the time I feel like making love to you.
Labmaj7          Solm7         Mib     Reb7         Dom7
That's the time I feel like making dreams come true.

Oooh, baby.

Fam7                  Fam7/Sib                        Mibmaj7 Reb9 Do9
When you talk to me, when you're moaning sweet and low.
Fam7                    Fam7/Sib                  Mibmaj7 Mib7/La
When you're touching me and my feelings start to grow.

Labmaj7          Solm7                     Fam7   Dom7
That's the time I feel like making love to you.
Labmaj7          Solm7         Mib     Reb7         Dom7

Oooh, baby.

Fam7              Fam7/Sib                  Mibmaj7 Reb9 Do9
In a restaurant, holding hands by candlelight.
Fam7                    Fam7/Sib                  Mibmaj7 Mib7/La
While I'm touching you, wanting you with all my might.

Labmaj7          Solm7                     Fam7   Dom7
That's the time I feel like making love to you.
Labmaj7          Solm7         Mib     Reb7         Dom7
