Mi
I'm on it, get on it

The troops are on fire!
           La
Ya know I need it, much closer
                    Sol
I'm trading just a little more
Mi
Step on it, electronic

The troops are on fire!
          La
I'm much deeper, a sleeper
               Sol            Mi
Waiting for the final trip

Mi
Come on it, get on it

I'm carving thru a letterbomb
   La
I need it, loud potions
                       Sol
These drugs are just an hour away
Mi
Come on it, electronic
                              La
A polyphonic prostitute, the motors, on fire
              Sol             Mi          La      Sol
Messiah for the animals

Mi             Sol
Ahhh, oh come on!
La                            Mi
We got our backs to the wall!
Mi                Sol
Get on! And watch out!
    La                      Mi
Sayin, "Yer gonna kill us all!"
