Kasabian - Underdog

```
Mim  Re  Sim  La  Mim

Mim
Kill me if you dare
Re
Hold my head up everywhere
Sim                 La       Mim
Keep myself riding on this train

Mim
I'm been Underdog
Re
Live my life on a lullaby
Sim                 La       Mim
Keep myself riding on this train
Sim                 La       Mim
Keep myself riding on this train

Mim                    Sim
Love in technicolour, sprayed out on walls
               Lam
Well I've been pounding at the pavement
             Mim
'Til there's nothing at all

Mim
I got my cloak and dagger
     Sim
In a bar room brawl
        Lam
See the local loves a fighter
        Mim
Loves a winner to fall

Mim             Sol
Feels like I'm lost in a moment
    Lam               Mim
I'm always losing to win
Mim        Sol
Can't get away from the moment
Lam                       Mim
Seems like it's time to begin

Mim
Kill me if you dare
Re
Hold my head up everywhere
Sim                 La       Mim
Keep myself riding on this train

Mim
I'm been Underdog
Re

Sim                 La       Mim
Keep myself riding on this train
Sim                 La       Mim
Keep myself riding on this train

Mim
It don't matter
        Sim
I won't do what you say
               Lam
You've got the money and the power
```

```
  Mim
I won't go your way

Mim
And I can't take for the people
           Sim
They don't matter at all
            Lam
And I'll be waiting in the shadows
         Mim
'Til the day that you fall

Mim             Sol
Feels like I'm lost in a moment
    Lam               Mim
I'm always losing to win
Mim        Sol
Can't get away from the moment
Lam                       Mim
Seems like it's time to begin

Mim
Kill me if you dare

Tell me if you're down
Re
Throw your weapons to the ground
Sim                 La       Mim
Keep myself riding on this train

Mim
Paper on the wire
Re
Sold your soul for another one
Sim                 La       Mim
Keep myself riding on this train
Sim                 La       Mim
Keep myself riding on this train!
