Kasabian – You're in love with a psycho

Re Sim La

Re
You know it's the place I need
But you got me walking circles like a dog on a lead
Sim
And the doctors say I'm crazy, that I'm eight miles thick
I'm like the taste of macaroni on a seafood stick
Re
And you got me switched on, baby, like electric eel
And I'm tight with Axel Foley, that's just how I feel
Sim
Like a grapefruit and a magic trick, the prodigal son
I'm walking, I'm walking, I'm walking, I walk so quick

Sol
And it just don't mean a thing
La
We've been waiting far too long
Mim
We'll play it out again
La
This is just my serenade

Re
You're in love with a psycho
You're in love with a psycho
Sim
And there's nothing you can do about it
I got you running all around it
Re
You're in love with a psycho
You're in love with a psycho
Sim
And there's nothing you can do about it
You never gonna be without it

Re
Jibber jabber at the bargain booze
And reciting Charles Bukowski, I got nothing to lose
Sim
And I wait for you to follow me to share my chips
But you're walking, you're walking, you walk, you walk so quick

La
Nobody's gonna take you there
La
I stick around for the thousand yard stare
La
I go to sleep in a duffle bag
La
I'm never up, never down, down, down, down

Re
Hey, you're in love with a psycho
You're in love with a psycho
Sim
And there's nothing you can do about it
I got you running all around it
Re
You're in love with a psycho
You're in love with a psycho
Sim
And there's nothing you can do about it
You're never gonna be with

La
Maybe this will be the [?]
La
Maybe this way we'll find a solution of problems
La
Oh, to love we gotta find love

Re
You're in love with a psycho
You're in love with a psycho
Sim
And there's nothing you can do about it
I got you running all around it
Re
You're in love with a psycho
Tu amor es muy loco
Sim
And there's nothing you can do about it
La
You never gonna be without it
