

## Let your hair down - Magic

Re Sim La Mi

Re Sim La Mi Re

There she goes, there she goes, there she goes

Sim La Mi Re

There's nothing better than my beautiful woman

Sim La Mi Re

Even though, even though, even though

Sim La Mi

It's not always heaven, we still fly together

Re Mi Fa#m La

To me you are more than just skin and bones

Re Sim La Mi

You are elegance and freedom and everything I know

La

So come on and...

Baby let your hair down let me run my fingers through it

Re Do#m Sim Mi La

We can be ourselves now go ahead, be foolish

Mi Fa#m Mi

No one's on the clock now lying in this simple moment

Re Do#m Sim Mi

You don't gotta worry now just let your hair down

Re Sim La Mi

Re Sim La Mi Re

Ohhh ohhhh Tell me when, tell me when, tell me when

Sim La Mi Re

When I can steal a sweet kiss right from you

Sim La Mi Re

I'm diving in, I'm diving in, I'm diving in

Sim La Mi Re

The water's warm right here

Re Mi Fa#m La

To me you are more than just skin and bones

Re Sim La Mi

You are elegance and freedom and everything I know

La

So come on and...

Baby let your hair down let me run my fingers through it
