Marco Mengoni - Coming home

```
Re
  Snowing out over
                Sol
where I used to walk with you
                        Re
I see your beautiful smile going out,
                           Sol         Sol/La
this is where I found the people know your heart
Mim7
All the phases, all the memories

All the places, what it meant to me

Holding on to what I used to be
Re     Fa#m7                         Sim
Lately this world's been driving me crazy
La#m7 Lam7         Re9    Sol7+
 with this feeling up my eyes
Re9/Fa# Mim7       La7/4   Re
      I've seen from another life...

Re
Coming home
                  La
Shining all over every road
            Fa#/La# Sim
Here all people say
        Sim/La                Sol
There's no place I'd rather stay
Mi7
Right here on Christmas Day

Re
Out on this quiet night
      Sol
Got a dream of rebuilding
                      Re
To stopping me hiding

Hiding now thinking about
     Sol
I do I... show
Mim7
I Remember when I felt alive

far away from all bright eyes
Mi7
Right back where they all used to be mine

Re     La/Do#                        Sim7
