La Fa#m Mi4/7 Re Rem

La Fa#m
There's a party going on in here
Mi7/4
It's been happening for many years

Re Rem
You weren't invited and don't want to stay but keep partying anyway
La Fa#m

Mi7/4
Got them dancing, shaking up the room

Rem Sim Mi La Re Sim Mi La Re

Fa#m Re
If you could look into the future, would ya?
La Mi
if you could see it, would you even want to?
Fa#m Re
Got a feeling that there's bad news coming
La Mi
But I don't want to find it out

Fa#m Re
If it's the end of the world let's party
La Mi
Like it's the end of the world let's party
Fa#m Re
Wrap your arms around everybody

If we're all gonna die let's party Let's party Let's party

La Fa#m
Who can I blame with everything I've done
Mi7/4
Is this the price we pay for too much fun
Re
Don't be misled it's not a twist of fate
Rem
It's just what happens when you stay out late

La Fa#m
So raise your glasses all my kings and queens
Mi7/4
Smash the chandelier to smithereens
