Jamie Miller - Here's your perfect

```
    Fa#9
I remember the day
                                  Do#4          Do#
Even wrote down the date, that I fell for you (mmhm)
             Re#m7
And now it's crossed out in red
        Do#4                  Sib9
But I still can't forget if I wanted to
       Fa#
And it drives me insane
                                   Do#4        Do#
Think I'm hearing your name, everywhere I go
                    Re#m7   Do#4
But it's all in my head
          Si9
It's just all in my head
        Fa#
But you won't see me break,

call you up in three days
        Do#
Or send you a bouquet, saying, "It's a mistake"
         Re#m7                    Do#
Drink my troubles away, one more glass of champagne
        Si9
And you know

                                   Fa#
I'm the first to say that I'm not perfect
                                              Do#
And you're the first to say you want the best thing
                  La#7/Re        Re#m
But now I know a perfect way to let you go
        Do#                   Si9
Give my last hello, hope it's worth it

Here's your perfect

   Fa#
My best was just fine
                                Do#
How I tried, how I tried to be great for you
    Re#m                      Fa#/Do#
I'm flawed by design and you love to remind me
   Si9
No matter what I do
        Fa#
But you won't see me break,

call you up in three days
        Do#                                 La#7/Re
Or send you a bouquet, saying, "It's a mistake"
         Re#m7                    Fa#/Do#
Drink my troubles away, one more glass of champagne
        Si9
And you know

                                   Fa#
I'm the first to say that I'm not perfect
                                              Do#
And you're the first to say you want the best thing
                  La#7/Re        Re#m
But now I know a perfect way to let you go
        Do#                   Si9
Give my last hello, hope it's worth it
