Alanis Morissette - Uninvited

```
Re

Re
Like, anyone would be
            Solm                          Re
I am flattered by your fascination with me
Re
Like, any hot blooded woman
            Solm                       Re
I have simply wanted an object to crave
    Re7                  Sol
But you, you're not allowed
            Re
You're uninvited
         Re7+      Re
An unfortunate... slight

Re
Must be, strangely exciting
               Solm         Re
To watch the stoic squirm...
Re
Must be, somewhat heartening
            Solm              Re
To watch shepherd meet shepherd
    Re9                  Sol
But you, you're not allowed
            Re
You're uninvited
         Re7+      Re
An unfortunate... slight

Re
Like, any uncharted territory
   Solm                   Re
I must seem greatly intriguing
Re
You, speak of my love like
            Solm                          Re
You have experienced love like mine before
    Re7               Sol
But this, is not allowed
            Re
You're uninvited
         Re7+      Re
An unfortunate... slight

Re
I, don't think you unworthy
          Solm              Re     N.C.
I need a moment to deliberate
