Be with you - Muse

```
Lab

                          Reb/Lab   Lab
It seems my light's been swallowed up
                     Reb/Lab  Lab
I've used up every ounce of luck
                   Reb/Fa Mib
I need to leap into the fire
       Reb    Lab/Do
Find a higher power
    Lab                  Mib
And reach for something new
                         Reb/Fa  Fam
I need somewhere that's safe to run
   Lab/Mib            Reb   Mib
It can't just be with anyo--ne
     Reb            Lab
It's got to be with you,
    Reb/Fa   Lab/Mib   Reb   Lab
ooh-ooh...
     Sibm7    Lab
It's got to be with you...

  Lab               Reb/Lab Lab
I won't go quiet into    the night
                       Reb/Lab Lab
I'll rage against the dyi-----ng light
                     Reb/Fa Lab/Mib
I won't bow to the uni----verse
      Reb       Lab/Do
I can break its curse
              Lab       Mib
And build us something new
                   Reb/Fa Fam
I long to fall into the sun
   Lab/Mib            Reb    Mib
It can't just be with anyo---ne
     Reb            Lab
It's got to be with you,
    Fam7   Lab/Mib   Reb   Lab
ooh-ooh...
     Sibm7    Lab
It's got to be with you...

Reb   Lab               Reb   Lab

Reb/Fa   Lab/Mib   Reb   Lab/Do       Mib

                     Reb/Fa Fam
I feel my life has just begun
   Lab/Mib            Reb   Mib
It can't just be with anyo--ne
     Reb            Lab
It's got to be with you,
    Reb/Fa   Lab/Mib   Reb   Lab/Do
ooh-ooh...
     Sibm7    Lab
It's got to be with you
```
