New born - Muse

```
Mim   Si   Mim   Si   Mim   Do   Sol   Si

Mim             Si
Link it to the world
Mim             Si
Link it to yourself
Mim         Do      Sol         Si
Stretch it like a birth squeeze
    Mim               Si
The love for what you hide
    Mim               Si
The bitterness inside
   Mim      Do        Sol     Si
Is growing like the new born
            Mim   Si   Mim   Si
When you've seen, seen
Mim   Do   Sol   Si
Too much, too young
Mim   Si   Mim   Si
Young, young
Mim   Do      Sol      Si
Soulless is everywhere

Mim   Lam   Re   Sol
Do   La#dim   Si   Si

Mim               Si
Hopeless time to roam
Mim               Si
The distance to your home
Mim      Do      Sol      Si
Fades away to nowhere
Mim               Si
How much are you worth
Mim               Si
You can't come down to earth
Mim               Do      Sol      Si
You're swelling up, you're unstoppable
            Mim   Si   Mim   Si
'Cause you've seen, seen
Mim   Do   Sol   Si
Too much, too young

Mim          Lam        Re
Destroy the spineless
Sol    Re       Fa
Tell me it's real
Do             Fa          Si           Mim
Wasting their last chance, to come away
Mim          Lam        Re
Just break the silence
             Sol  Re     Fa     Do        Fa     Si
'Cause I'm drifting away, away from you
