Resistance - Muse

```
Lam  Sol  Fa  Mi   2v

Fa                  Mi
Is our secret safe tonight?
Lam                 Sol
And are we out of sight?
Fa                  Mi
Or will our world come tumbling down?
Lam                 Sol
Will they find our hiding place?
Fa                  Mi
Is this our last embrace?
Lam                 Sol
Or will the walls start caving in?

Fa
(It could be wrong, could be wrong)
Lam
But it should've been right
Fa
(It could be wrong, could be wrong)
Lam
Let our hearts ignite
Fa
(It could be wrong, could be wrong)
Lam
Are we digging a hole?
Fa
(It could be wrong, could be wrong)
Lam
This is outta control
Fa
(It could be wrong, could be wrong)
Lam
It could never last
Fa
(It could be wrong, could be wrong)
Lam
Must erase it fast
Fa
(It could be wrong, could be wrong)
Lam
But it could've been right
Fa
(It could be wrong, could be)

Lam
Love is our resistance
Sol
They keep us apart and they won't stop breaking us down
Fa                  Mi
And hold me, our lips must always be sealed

Lam  Sol  Fa  Mi

Lam
If we live our life in fear
Sol
I'll wait a thousand years
Fa                  Mi
Just to see you smile again
Lam
Quell your prayers for love and peace
Sol
You'll wake the thought police
```

```
Fa                    Mi
We can hide the truth inside

Lam
The night has reached its end
Sol
We can't pretend
Fa
We must run
Mi
It's time to run

La           Rem
Take us away from here
   La              Rem          Do
Protect us from further harm
  Sol  La5    Si5  Do5  Re5  Fa5
Resistance!
```
