The Dark Side – Muse

```
Mim    Re    Lam 2v

Mim            Si
I have lived in darkness
    Do                    Fa#
For all my life, I've been pursued
Lam                          Mim
You'd be afraid if you could feel my pain
                 Re
And if you could see
                      Lam
the things I am able to see

Mim            Re
Break me out, break me out
  Lam
Let me flee
Mim             Re
Break me out, break me out
  Lam        Mim
Set me free

Mim             Si
I hail from the dark side
    Do                    Fa#
For all my life, I've been besieged
Lam                          Mim
You'd be scared living with my despair
                 Re
And if you could feel the things,
          Lam
I am able to feel

Mim            Re
Break me out, break me out
  Lam
Let me flee
Mim             Re
Break me out, break me out
  Lam        Mim
Set me free

Re    Do    Sol    Fa#    Lam    Do

Mim            Re
Break me out, break me out
  Lam
Let me flee
Mim             Re
Break me out, break me out
  Lam
Set me free
Mim     Re       Lam
Save me from the dark side
Mim             Re
Break me out, break me out
  Lam       Do    Mim
Set me free
