Si    Fa#    Mi   Sol#m   Fa#    x2

Si                                        Fa#
It's a bit early in the midnight hour for me
   Mi                                  Sol#m  Fa#
To go through all the things I wanna be
Si                                Fa#
I don't believe in everything I see
     Mi                               Sol#m  Fa#
You know I'm blind so why d'you disagree?

Do#                     Mi
Take me away, 'cause I just don't wanna stay
        Sol#m
And the lies you make me say
            Fa#
Are getting deeper every day
Sol7                            Si
These are crazy days but they make me shine
Mi                      Fa#   Fa Mi
Time keeps rolling by

               Si
All Around The World
                      Do#
You gotta spread the word
                  Mi
Tell 'em what you heard
                           Si
We're gonna make a better day

All Around The World,
                      Do#
You gotta spread the word

You knows it's gonna be okay

Si                                              Fa#
What you gonna do when the walls come falling down?
    Mi                              Sol#m    Fa#
You never move you never make a sound
  Si                                                Fa#
So where you gonna swim with the riches that you found?
          Mi                                    Sol#m     Fa#
If you're lost at sea well I hope that you've drowned

Do#                     Mi
Take me away, 'cause I just don't wanna stay
        Sol#m
And the lies you make me say
            Fa#
Are getting deeper every day
Sol7                            Si
