Sol    Sol    Do    Fa
Sol    Sol    Do    Fa

Fa           Sol              Do
You turn me on, you lift me up
             Fa                           Sol
And like the sweetest cup I'd share with you
           Do             Fa                        Sol
You lift me up, don't you ever stop, I'm here with you
                Do
Now it's all or nothing
       Fa                   Sol
'Cause you say you'll follow through
           Do      Fa              Sol
You follow me, and I, I, I follow you
Sol
What you gonna do when things go wrong?
Sol
What you gonna do when it all cracks up?
Do
What you gonna do when the Love burns down?
Fa
What you gonna do when the flames go up?
Mim
Who is gonna come and turn the tide?
Mim
What's it gonna take to make a dream survive?
Do
Who's got the touch to calm the storm inside?
Fa
Who's gonna save you?
Fa            Sol
Alive and kicking
                Do        Fa              Sol
Stay until your love is,   alive and kicking

Stay until your love is, until your love is, alive

                Do            Fa

                          Sol
And the lights that shine on
                       Do
But if that don't mean nothing
        Fa                      Sol
Like if someday it should fall through
               Do              Fa
You'll take me home where the magic's from and I'll be with you
