

Potential -Sombr

Do
Fa Lam Rem Do
Fa Lam Rem Do

Fa Lam
Every time we'd wake up
Rem Do
I got to see you with no makeup
Fa Lam
Yeah, you hated how it looked off
Rem Do
But, baby, that's just how you grew up

Lam Do
There'll be someone new for you, baby
Fa Rem
I'm not worried 'bout you, oh
Lam Do
I'll be somewhere going crazy
Fa Rem
I'll be stuck on you (Woo)

Fa Lam Rem Do
We had potential, makes me mental not havin' you, oh
Fa Lam
And it drives me crazy that my baby
Rem Do
Thinks we're through so soon

Fa Lam
We had potential, it makes me mental
Rem Do
We had potential, it makes me mental
Fa Lam
We had potential, it makes me mental
Rem Do
We had potential and now I'm mental

Fa Lam
It was a difficult breakup
Rem Do
But I wrote some songs that got me famous
Fa Lam
Sometimes I think about what it costs
Rem Do
You were the last one that I could trust

Lam Do
There'll be someone new for you, baby
Fa Rem
I'm not worried 'bout you, oh
Lam Do
I'll be somewhere going crazy
Fa Rem
I'll be stuck on you (Woo)

Fa Lam Rem Do
We had potential, makes me mental not havin' you, oh
Fa Lam
And it drives me crazy that my baby
Rem Do
Thinks we're through so soon, yeah

Sol
 And when I fall, I'm blamin' you
 Solm Rem
 That doesn't make it your fault
 Do Sol
 But it still makes it true
 Solm
 I play alone in this game for two
 Rem Do Fa
 You aren't the final boss, but you still make me lose

 Fa Lam Rem Do
 We had potential, makes me mental not havin' you, oh
 Fa Lam
 And it drives me crazy that my baby
 Rem Do
 Thinks we're through so soon
 Fa Lam
 We had potential (We had potential), makes me mental (It makes me mental)
 Rem Do
 Not havin' you, oh (We had potential, it makes me mental)
 Fa Lam
 And it drives me crazy that my baby
 Rem Do
 Thinks we're through so soon

 (We had potential, it makes me mental, it)

 Fa Lam
 It drives me crazy that my baby

 (We had potential, it makes me mental)
 Rem Do
 Drives me crazy, that, that my baby

 (We had potential, it makes me mental)
 Fa Lam
 We had potential, it makes me mental
 Rem Do
 We had potential, and now I'm mental

 We—
